

Public Hearing Minutes
Monday, February 10, 2014

Present: Chairman Darcy; Selectman Ebbighausen, Selectman Gallagher, Selectman Morel and Selectman Rideout,

6:30 p.m. Chairman Darcy opened the 2nd Public Hearing regarding Bond Article – Monument Road Project.

The Selectmen discussed the different phases of the project. The Town would be working on phase 2 of the project first, because there is more of the need of road repair. Phase 1 of the project includes the water lines being repaired also, so would be more costly to do both phases at the same time.

It is the Town's responsibility to keep the road in good conditions.

Chairman Darcy opened the floor to the public. No comments.

6:35 p.m. Selectmen closed the Public Hearing.

Respectfully Submitted,
Alicia A. Marshall
Secretary
