

Town of Hinsdale, NH
Water & Sewer Department
Application to Connect To The Municipal Water System

Date _____

Name of Applicant _____

Address of Applicant _____

Telephone of Applicant _____

Address of Proposed Connection _____

Type of Use Proposed (circle one) Residential, Commercial, Industrial, Agricultural

If the use is = Commercial, Industrial or Agricultural: add the Daily Maximum Water usage in Gallons _____ additional usage must have Board Approval.

Conditions

1. Applicant will be charged for all labor and material associated with installation of the water connection at the following rates:

Construction Cost: Labor - Hourly rate + 50%
Backhoe - **\$50.00** Per Hr.
Materials - Cost + 15%

Connection Fee: Residential - \$1,838.60 plus construction cost.

Commercial, Industrial, Agricultural- \$2,889.22 plus construction cost.

2. A water meter must be installed according to Hinsdale Water Meter Regulations. The meter will be installed at the expense of the applicant. In the case of a structure having no space to install and safely maintain a water meter (i.e. no basement or crawl space) an approved water meter pit must be installed at the expense of the applicant.

3. Prior to the water being turned on at a use, all requirements of the Town of Hinsdale must be met. (i.e. septic approval, permit to move, drive way permit, etc.) Construction cost and connection fee must be paid. **An inspection by a Water Department Employee to assure all Water Department requirements have been met!**

4. Approval by the Selectmen of a water connection is valid for one year from the date of the approval. You must have an approved building permit before a water connection will be granted.

5. Each application is considered on its own merit. The Selectmen reserve the right to deny any application for use that they determine will jeopardize the safety or health of current municipal water users, or will create unsafe demand on the municipal water system.

6. With this application, Please attach sketch or copy of map of the house or building to be connected to the town water system. Show where water service line will be laid, sewer lines or septic system etc.

7. It is our advice that you read and understand completely the requirements of the Water Department Regulations that will relate to your request for connect to the water system. Pages 2 & 3 lines 18 through 25 and line 26 of the ordinance.

I have read and fully understand the conditions stated above. I hereby agree to abide by the above conditions as well as all regulations of the Hinsdale Water Department.
